**COMPONENTS:** 1 stainless steel tab lock with 6' foot loop-ended security cable, 2 keys

**COMPATIBILITY:** Small Desktop and Small Mini Tower Optiplex GX50, GX150, GX240, GX260, Precision Workstation 340 and 530, Slim Form Factor GX240 and GX260

**DESCRIPTION:** The Universal Tab Cable Lock is a unique solution to lock down your desktop chassis and protect internal components. The attached six foot cable can be looped around or anchored to the desk. Locks without a key and takes seconds to install at any location. Aesthetically elegant visual deterrent. NO ADHESIVES or modifications are required to the PC.
